

# MAC FORBES

## 2019 EB47 CONCRETE RIESLING

Over the past 15 years, we have always been overwhelmed by the presence of our Caveat vineyard in the Strathbogie Ranges. A supposedly sealed road that wanders north from Yea climbing to the elevated granite soils that sit 600m above sea level. Generally 5 degrees cooler than the valley floor, this small vineyard is surrounded not by other vineyards but rather unforgiving grazing land.

### TASTING NOTE

We have chosen not to provide traditional tasting notes for any of our wines. Our wines hopefully capture vineyard life and vitality. As such the wines are constantly evolving. The only tasting notes that matter are yours.

### VINTAGE CONDITIONS

A hot and exceptionally dry growing season, yields were low in 2019, but produced grapes with an intense and complex fruit profile different to what we had seen from this site previously. The EB47 fruit was picked on March 6th and pressed directly to concrete tank for fermentation.

### WINE ANALYSIS

Alc/Vol: 11%  
Acidity: 8.5g/L  
pH: 2.96

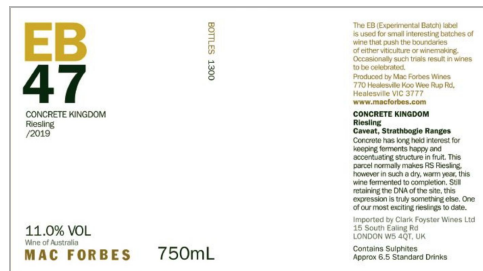

### VINEYARD

Town: Caveat  
Region: Strathbogie Ranges  
Planted: 1983  
Area: 5 Acres  
Clone: AV702352  
Aspect: East  
Soils: Granitic  
Altitude: 600m

### WINEMAKING

Fruit: De-stemmed & crushed before pressing  
Maturation: Large format concrete tank on gross lees  
Yeast: Indigenous  
Fining: None  
Filtration: Sterile  
Bottled: August 2019

### LABEL

### RELEASE DATE

October 2019
